

Our intent is that all students have a full understanding of how to develop themselves as well rounded citizens, maintain healthy relationships and understand how to keep themselves safe both online and in their day-to-day life. We want all students to know what options are open to them in the future and understand the routes they have in order to progress on their life journey. To achieve this, our curriculum includes: artists and cultural links, visits or a visiting artist, virtual galleries, looking at the greater awareness of artwork in the wider world, after school art clubs, links to employment opportunities including ceramicist and printmaker, and working with an artist in their own environment where appropriate We also learn about historical and contemporary artists.

We run a series of 'Careers in the Curriculum' weeks in our school. For Art, this week takes place in November. Students will learn about how to apply the skills they learn in art, to the wider world or work such as creativity, organisation and critical thinking. Students will learn about how these skills can be used in a variety of jobs. Students will also learn how to link the art subject way to life skills.

Praise and Reward

Our rewards system can be broadly split into four categories: classroom level, subject level, school level and privilege rewards. We'll focus on classroom and subject rewards here - for more information about our rewards schemes, please see our website.

The Student Art Guide helps students excel in a wide range of high school Art qualifications, such as GCSE. They compile new ideas, best practice and helpful learning strategies for secondary school Art students.

Find out where Art can take you!

what sort of jobs are out there for those who study Art and Design.

ART

YEAR 11

Curriculum Intent

The student success that we celebrate in Art is achieved through inspiring and challenging lessons, equipping students with the knowledge and skills required to work creatively and independently.

Students gain a firm understanding by investigating a range of art movement works and art produced by other artists and designers. They are taught how to control a range of materials through specific tasks.

We encourage our students to experiment, invent and create their own works of art.

Our curriculum empowers students to develop as artists by working on individual pieces, enabling students to become independent and creative.

We aim to ensure that students value the role of art in the wider community and are confident to use the skills they develop to get involved in activities that enrich themselves and their communities.

Year 11 Curriculum

Specialising - Skills and Knowledge in Art and Design

Areas of Study: Written Annotation, Drawing, Painting, Mixed Media, Textiles, 3D Sculpture, Print Making and Photography

Components Studied: Working, Texture, Expression, and Weird and Wonderful

In Year 11, students will study a range of art movements ranging from classic to contemporary. We'll also look at a range of past and present artists.

We'll look at the ways in which meanings, ideas and intentions can be communicated through visual and tactile language using formal elements including colour, line, form, shape, tone and texture. We'll also see how the characteristics, properties and effects of using different media, materials, techniques and processes

The Art Way
