# Safeguarding Policy

## September 2023

**Wickersley School and Sports College**

**Approved by:**

Ratified by Governors  
11th October 2023

**Date:** September 2023

**Last reviewed on:**

September 2023

**Next review due by:**

September 2024

### **Contents**

Important contacts	3
1. Aims	4
2. Legislation and statutory guidance	4

Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what 'regulated activity' is in relation to children

Statutory guidance on the Prevent duty, which explains schools' duties under the Counter-Terroris]e /TT2 1 Tfter

understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

Outside of school hours the DSL can be contacted in the following ways:

Email address – [safeguarding@wickersley.net](mailto:safeguarding@wickersley.net)

When the DSL is absent, the deputy –Julie Bettridge will act as cover.

If the DSL and deputy are not available, cover will be in place (for example, during out-of-hours/out-of-term activities such as a summer school or residential trip) and parents will be informed via the schools' communication systems.

During holidays and evenings/weekends, the DSL would not be expected to be readily available and parents/carers are advised to go to their local safeguarding authority and/or police in an emergency.

The DSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters

- Take part in strategy discussions and inter-

Ensuring that all staff undertake appropriate safeguarding and child protection training, and updating the content of the training regularly including online safety.

Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)

Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this

Ensuring the relevant staffing ratios are met, where applicable.

## **6. Confidentiality**

Timely information sharing is essential to effective safeguarding

Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children

The Data Protection Act (DPA) 2018 and UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe

If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; or if to gain consent would place a child at risk

Staff should never promise a child that they will not tel(l)3.1 ontaiyyse a chihe8cBe 30712.2119 Tdd se a c omons2

ab 44 te a c

## **7. Recognising abuse and taking action**

**Within WPT the online monitoring system CPOMS is utilised to record and report concerns internally. All staff must ensure they have access to this system and are familiar with recording requirements as outlined in the WPT Safeguarding Handbook.**

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean “the DSL (or deputy DSL)”.

### **7.1 If a child is suffering or likely to suffer harm, or in immediate danger**

## Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

### 7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include Channel, the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email [counter.extremism@education.gov.uk](mailto:counter.extremism@education.gov.uk). Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789(r)-6.4 (6.1 (or)-6.4E1 .1 (f)-25.1)-1.1 (h)-15-1

If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.

Details of our internal recording relating to Child on Child abuse is outlined in greater detail in the WPT Safeguarding Handbook.

### **Creating a supportive environment in school and minimising the risk of child-on-child abuse**

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images

- Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys

  - Ensure our curriculum helps to educate pupils about appropriate behaviour and consent

  - Ensure pupils are able to easily and confidently report abuse using our reporting systems (as described in section 7.10 below)

  - Ensure staff reassure victims that they are being taken seriously

- Be alert to reports of sexual violence and/or harassment that may point to environmental or systemic problems that could be addressed by updating policies, processes and the curriculum, or could reflect wider issues in the local area that should be shared with safeguarding partners

- Support children who have witnessed sexual violence, especially rape or assault by penetration. We will do all we can to make sure the victim, alleged perpetrator(s) and any witnesses are not bullied or harassed

- Consider intra familial harms and any necessary support for siblings following a report of sexual violence and/or harassment

  - Ensure staff are trained to understand:

    - How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports

    - That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”

    - That if they have any concerns about a child’s welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:

      - Children can show signs or act in ways they hope adults will notice and react to

      - A friend may make a report

      - A member of staff may overhear a conversation

      - A child’s behaviour might indicate that something is “off”

The DSL will take the lead role in any disciplining of the alleged perpetrator(s). We will provide support at the same time as taking any disciplinary action.

Disciplinary action can be taken while other investigations are going on, e.g. by the police. The fact that another body is investigating or has investigated an incident doesn't (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:

Taking action would prejudice an investigation and/or subsequent prosecution – we will liaise with the police and/or LA children's social care to determine this

There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing ( )11.92 (i)42 (on)-12.2 ( )11.r08Td3.1 (s)-8 ( r0e (s)-s)- TT2

This approach on the sharing of nudes and semi-nudes is also shared with pupils, dependent on age and stage in the curriculum so they are aware of the processes the school will follow in the event of an incident.

### **7.10 Reporting systems for our pupils**

Where there is a safeguarding concern, we will take the child's wishes and feelings into account when determining what action to take and what services to provide.

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any

Keeping personal information private

How to recognise unacceptable behaviour online

How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they are a witness rather than a victim

Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training at least once each academic year

Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety

Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present

Staff will follow the procedures as outlined in our ICT Policy and Code of Conduct when using their own mobile phones in school for school purposes.

Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign

involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed

Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

## **10. Pupils with special educational needs, disabilities or health issues**

We recognise that pupils with special educational needs (SEN) or disabilities or certain health conditions can face additional safeguarding challenges, and are 3 times more likely to be abused than their peers. Additional barriers can exist when recognising abuse and neglect in this group, including:

Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration

Pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils

The potential for pupils with SEN, disabilities or certain health conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs

Communication barriers and difficulties in managing or reporting these challenges

We offer extra pastoral support for these pupils. This include utilising the hub model to enable targeted interventions, specific key workers and early interventions

Any abuse involving pupils with SEND will require close liaison with the DSL (or deputy) and the SENCO.

## **11. Pupils with a social worker**

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

Responding to unauthorised absence or missing education where there are known safeguarding risks

The provision of pastoral and/or academic support

## **12. Looked-after and previously looked-after children**

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to

Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-aed

All governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge

Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

#### **15.4 Recruitment – interview panels**

At least 1 person conducting any interview for any post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of Keeping Children Safe in Education, and will be in line with local authority guidance.

wh of4(i)-8 et 3 we 3

**These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.**

## **Appendix 1: Types of abuse**

**Abuse**

## Appendix 2: Safer recruitment and DBS checks – policy and procedures

WPT recruitment policy can be accessed via the WPT trust website for **new employees** of the school. All new employees are appointed through the Central HR team.

To make sure we recruit suitable people, we will ensure that those involved in the recruitment and employment of staff to work with children have received appropriate safer recruitment training.

We have put the following steps in place during our recruitment and selection process to ensure we are committed to safeguarding and promoting the welfare of children.

### Advertising

When advertising roles, we will make clear:

- Our school's commitment to safeguarding and promoting the welfare of children

- That safeguarding checks will be undertaken

- The safeguarding requirements and responsibilities of the role, such as the extent to which the role will involve contact with children

- Whether or not the role is exempt from the Rehabilitation of Offenders Act 1974 and the amendments to the Exceptions Order 1975, 2013 and 2020. If the role is exempt, certain spent convictions and cautions are 'protected', so they do not need to be disclosed, and if they are disclosed, we cannot take them in.2 ( not)-13.cn c txoos y(r

## Seeking references and checking employment history

Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK. These could include, where available:

For all staff, including teaching positions: criminal records checks for overseas applicants

For teaching positions: obtaining a letter from the professional regulating authority in the country where the applicant has worked, confirming that they have not imposed any sanctions or restrictions on that person, and/or are aware of any reason why that person may be unsuitable to teach

Check that candidates taking up a management position\* are not subject to a prohibition from

Most Contractors are appointed through the Trust. We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

### **Pupils staying with host families**

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

## **Appendix 3: allegations of abuse made against staff including low level concerns**

### **Section 1: allegations that may meet the harms threshold**

**False:** there is sufficient evidence to disprove the allegation

**Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

**Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

## **Procedure for dealing with allegations**

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below

Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

Inform the accused individual of the concerns or allegations and likely course of action as soon as

Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)

Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

**Additional considerations for supply teachers and all contracted staff**

h93.O2 (y)171.1 (o s)-8.1 (w)-2de3.1 (.)JT-.4 ( )-14.4 (eone1 (ndi)--128 (h)-1u1 (l)-83.1 (h)-6ab )TjEMC (ega)- ou.1 (o s) (on

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff or carries out teaching duties, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

### **Individuals returning to work after suspension**

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

### **Unsubstantiated, unfounded, false or malicious reports**

If a report is:

Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

### **Definition of low-level concerns**

The term 'low-

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

### **So-called 'honour-**

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves

- Becoming susceptible to conspiracy theories and feelings of persecution

- Changes in friendship groups and appearance

- Rejecting activities they used to enjoy

- Converting to a new religion

- Isolating themselves from family and friends

Talk-12.2 (d f)-13u0.002 Tc8(2.96 6.96 591.341 Td[T]-17.5 (he1(o)11.8 (m)-24.4 ang 4-8 (c)-8 (r)-6.4 (i)3.2(ept)-1.1

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of, serious violence, they will report this to the DSL.

### **Checking the identity and suitability of visitors**

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification where appropriate.

I (e r)l4-12.231771 Tdpe6. ishoueai4.627n(ea)-12.28.9 (al 4 BDCa(ber)-.3 12.2 (i)3s)-8 sal 4 BD(hei)3.1be1 (h(nd r)
